EDUCATION

The University of Chicago, IL
Ph.D. in Computer Science

Sept. 2025 – Present
Advisor: Prof. Yuxin Chen

The University of Chicago, IL
B.S. in Computer Science, Mathematics

Oct. 2021 – June 2025

RESEARCH INTERESTS

My research interests lie broadly in Continual Learning, Active Learning, and Reinforcement Learning, with applications to Scientific Domains and Large Language Models. I am interested in developing learning systems that continuously acquire, transfer, and refine knowledge through interaction and experience, with the long-term goal of building more capable, adaptive, and autonomous AI systems.

RESEARCH EXPERIENCE

Research Assistant for Professor Yuxin Chen (UChicago CS) Oct. 2024 – Present

Research Intern for Professor David Simchi-Levi (MIT IDSS) Feb. 2024 – Feb. 2025

Research Assistant for Professor Haihao Lu (MIT Sloan) Aug. 2023 – Mar. 2024

Research Intern for Professor Karin Verspoor (RMIT CS) May 2023 – Oct. 2023

PROFESSIONAL EXPERIENCE

Banxa Crypto Apr. 2023 – Aug. 2023

Software Engineer Intern

- Built and maintained web application features in JavaScript and Vue3 for cryptocurrency on/off ramps.
- Implemented and optimized third-party integrations, streamlining payment processing workflows.
